“Specializing in corrective color & precision haircuts tailored for the individual client, this fun, creative career has included being part of a makeover show for Fox T.V. For a fabulous version of you, you’re in great hands here! Clientele includes those that have relocated or those that are bi-coastal. They have said their hair appointment with their ‘trusty Mina’ is the highlight (no pun intended) of their visit to San Diego. Always treating each client’s visit as if it is their first time in my chair, consistent satisfaction is always #1 priority.”

Call for a consultation or appointment...come on in and relax with a cup of joe or tea and be prepared to become a believer that consistent, great hairstylists *do* exist!
